AMENDMENT AFTER FINAL

This paper is filed in response to the Final Rejection mailed April 11, 2007. Applicant acknowledges with appreciation the allowance of claims 58-77, 79-86, 88-94, 107 and 108. Claims 1-57, 78, 87, 95, 97-106, 110-112 and 117-121 are canceled. Claims 60 and 64, both of which are allowed, are amended in this response to correct matters of form. No other claims are amended in this response and no new claims are presented. Applicant respectfully requests that Examiner reconsider the rejections of claims 96, 109 and 113-116 as insupportable based on the cited art. Claim 96 is rejected under §102 but recites a limitation not disclosed by Tsao '018 and not addressed by Examiner. Claim 109 depends from an allowed independent claim. Claims 113-116 recite an element not disclosed by either Tsao '018 or Mercado '138 and not addressed by Examiner. Applicant respectfully requests entry of this response and allowance of claims 96, 109 and 113-116 in addition to those claims already allowed.
